

KMAP WAIVER BULLETIN 12132

Third-Party Liability Noncovered List

The following pages contain a current listing of the noncovered procedure codes for the major health insurance carriers in the State of Kansas. They include the dates when the State received blanket denial letters from the insurance companies. These dates must be used in the **Other Payer Date Adjudicated** field when providers submit electronic claims. This list replaces any previous version and is effective immediately. Codes are in effect for one year from the date of receipt of the blanket denial letter.
