This edit has a Modifier Indicator of 1 (Allowed): The modifier associated with NCCI are allowed with the PTP code pair when appropriate. Modifier 59, which indicates a distinct procedural service, is one of the modifiers allowed to be billed with this NCCI edit. Once the Modifier 59 Requirements policy is implemented, any claims that include Modifier 59 would require that records be submitted with all claims that include Modifier 59 for review post-payment, since Modifier 59 can be abused. It is the expectation that the MCO's do not request any records and/or review claims post-payment when CPT code 96161 is billed with Modifier 59.</p> <p>Effective with the implementation date for each MCO, retroactive to 1/1/2021 service dates.</p>	N/A	<p>ABH - 4/14/21</p> <p>SF - 5/28/21</p> <p>UHC - 4/30/21</p>	<p>ABH - Underpayment 5/18/21</p> <p>SF - 3/25/2021: began monitoring manually on payable.
