KMAP Provider Communication

Provider Community: Adult Care Home

Item Reference	ACH 1.0	
Date Drafted	2/29/2004	
Date Revised	4/9/2004	
Groups Affected	Adult Care Home	
Issue	Automatic mass adjustment was initiated due to a retroactive rate change but the patient liability was not deducted correctly.	Resolved 1/16/2004
Impact	14,962 claims needed to be adjusted to correctly deduct the patient liability.	
Resolution	A mass adjustments correction was performed on 12/26 for 25 affected providers. Four remaining providers' claims were corrected on 1/16/2004.	
Provider Action	No action is needed	

Item Reference	ACH 1.1	
Date Drafted	2/29/2004	
Date Revised	4/9/2004	
Groups Affected	Adult Care Home	Resolved 10/21/2003
Issue	MMIS did not correctly calculate spans of days.	
Impact	Providers were paid more than the amount billed on their claim.	
Resolution	Permanent system change was identified and implemented on 10/21/2003.	
Provider Action	Provider to submit adjustment.	

Blue highlighted items indicate the issue was closed and no longer occurs.

KMAP Provider Communication

Provider Community: CDDO, HCBS, Home Health, and CMHC (*Also see GENP 1.0, 1.1, 1.2, 1.4, and 1.5)*

Item Reference	CHHC 1.0	
Date Drafted	2/29/2004	
Date Revised	4/9/2004	
Groups Affected	CDDO	Resolved 12/19/2003
Issue	Claims were being denied for "Performing provider not member of group."	
Impact	CDDOs claims are not being paid because affiliates are truly not members of the CDDO group.	
Resolution	Permanent system change was identified and implemented on 12/19/2003.	
Provider Action	No action is needed.	

Item Reference	CHHC 1.1	
Date Drafted	2/29/2004	
Date Revised	4/9/2004	
Groups Affected	CMHC	Resolved 12/18/2003
Issue	Amount paid includes payment amounts, state share and TPL deductions.	
Impact	This issue creates confusion when providers are posting remittance advices.	
Resolution	Removed the state share and TPL amounts from the amount paid columns as of the 12/18/2003 remittance advices.	
Provider Action	No action is needed.	

Blue highlighted items indicate the issue was closed and no longer occurs.

KMAP Provider Communication

Item Reference	CHHC 1.2	
Date Drafted	2/29/2004	
Date Revised	4/30/2004	
Groups Affected	CMHC	
Issue	The new MMIS was not originally designed to accommodate affiliate billing by Community Mental Health Centers (CMHCs).	Resolved 1/5/2004
Impact	Only one provider in the state had previously been approved to perform affiliate billing; however, because this wasn't carried over to the new MMIS that provider was unable to conduct any billings for approximately 8 weeks.	
Resolution	Permanent system change was identified and implemented in early January 2004.	
Provider Action	No action is needed.	

Item Reference	CHHC 1.3	
Date Drafted	2/29/2004	
Date Revised	4/30/2004	
Groups Affected	HCBS	
Issue	Providers are stating a "slow-down" has occurred in getting their claims paid and that claims are suspending for Plans of Care (POC). Due to numerous system issues related to POC (inability to access the POCs, inability to modify/update and inability to submit POCs), EDS created a backlog of POCs to be entered into the system.	Resolved 1/2004
Impact	The HCBS community is not receiving timely payments.	
Resolution	SRS and EDS worked on approving the Plans of Care to resolve the backlog. Once Plans of Care were approved, affected claims were released for processing.	
Provider Action	No action is needed.	

Blue highlighted items indicate the issue was closed and no longer occurs.

KMAP Provider Communication

Item Reference	CHHC 1.4	
Date Drafted	2/29/2004	
Date Revised	4/23/2004	
Groups Affected	HCBS	
Issue	Plans of Care were not set up with client obligation amounts that matched amounts found in KAESCES (the eligibility system).	Ongoing as needed.
Impact	1,666 claims were in suspense for an out of balance condition. Approximate dollar amount was$1.3 million.	
Resolution	POCs need to be updated by case managers. EDS is continually working with case managers so that as Plans of Care are corrected, the affected claims are recycled.	
Provider Action	For HCBS FE providers, KDOA decided that the eligibility file and plan of care must be the same or claims will be denied. Provider must contact the case manager to correct an out of balance situation.	

Item Reference	CHHC 1.5	
Date Drafted	2/29/2004	
Date Revised	4/9/2004	
Groups Affected	Targeted Case Management	
Issue	Services are being denied for submission to Medicare as primary payor due to the implementation of national codes on 1/1/2004.	Resolved 1/23/2004
Impact	1,068 claims were denied instructing providers to bill Medicare first.	
Resolution	Permanent system correction to bypass Medicare editing for these codes was implemented on 1/23/2004 and 1,068 affected claims were recycled.	
Provider Action	No action is needed.	

Blue highlighted items indicate the issue was closed and no longer occurs.

KMAP Provider Communication

Item Reference	CHHC 1.6	
Date Drafted	4/9/2004	
Date Revised	4/9/2004	
Groups Affected	CMHC	
Issue	Beneficiaries were being charged a $3 co-pay amount for family therapy, when the manual states that it should only be for individual therapy.	Resolved: 4/7/2004
Impact	Beneficiaries are questioning why and/or stating that they cannot pay.	
Resolution	The new system allows for proper designation of family therapy. Family therapy is not considered a group therapy as it is individually focused. The $3 co-pay amount for family therapy will continue.	
Provider Action	Providers need to collect the $3 co-pay for family therapy.	

Item Reference	CHHC 1.7	
Date Drafted	4/12/2004	
Date Revised	5/7/2004	
Groups Affected	CDDO	
Issue	Federal match (FFP) is not being reduced from claims. The full amount is being paid.	Resolved: 4/7/2004
Impact	Claims are being overpaid. The provider is incorrectly being paid the 50% FFP portion.	
Resolution	The table that controls the calculation of state share was updated on 4/7/2004. Claims to be adjusted were identified. EDS initiated the adjustment on 4/7/2004. (CO 6069)	
Provider Action	No action is needed.	

Blue highlighted items indicate the issue was closed and no longer occurs.

KMAP Provider Communication

Item Reference	CHHC 1.8	
Date Drafted	4/12/2004	
Date Revised	4/23/2004	
Groups Affected	Home Health	
Issue	Supply claims for home health were being denied for exception 2502 (bill Medicare first).	Resolved: 2/24/04
Impact	Providers are being underpaid. Claims are being denied in error. Home health services billed with the GY modifier are not required to have a Medicare denial. Supplies that are billed in conjunction with the home health services with the GY modifier are also not required to have a Medicare denial.	
Resolution	The cause of this issue was identified. EDS updated the Claims Resolution Manual to instruct clerks to force claims that meet this criteria. As of 4/16/2004, EDS recycled or adjusted all claims that were denied in error.	
Provider Action	No action is needed.	

Item Reference	CHHC 1.9	
Date Drafted	4/12/2004	
Date Revised	4/12/2004	
Groups Affected	CMHC	
Issue	Medication checks (procedure code 90862) were being denied.	Resolved: 4/12/2004
Impact	Providers believe that they are being underpaid.	
Resolution	Medication checks (procedure code 90862) are content of service to individual therapy visits (procedure code 9080). The new system allows for more comprehensive processing of claims based on the Correct Coding Guidelines that deal with content of service. These claims are being denied correctly as content of service.	
Provider Action	Providers should evaluate their billing practices to ensure adherence to the Correct Coding Guidelines for any potential content of service procedure codes.	

Blue highlighted items indicate the issue was closed and no longer occurs.

KMAP Provider Communication

Item Reference	CHHC 1.10	
Date Drafted	4/15/2004	
Date Revised	6/4/2004	
Groups Affected	CMHC	
Issue	HCBS claims are paying one penny because the Plan of Care (POC) was approved with a "penny out" line.	Resolved: 6/4/2004
Impact	Claims are being underpaid	
Resolution	The POC was set up with too low of an approved amount. EDS identified these POCs and systematically removed the "penny out" lines on 4/22/2004. Claims previously paid one cent were adjusted so they processed under the correct POC line item. (CO 5803)	
Provider Action	No action is needed.	

Item Reference	CHHC 1.11	
Date Drafted	4/15/2004	
Date Revised	4/23/2004	
Groups Affected	CMHC	
Issue	Claims were being denied for Plans of Care with a pay cap amount that had a dollar amount and a unit on the Plan of Care (POC).	Resolved: 2/2/2004
Impact	Claims were being underpaid.	
Resolution	When a POC has a type of "pay cap amount," the system looks at both units and dollars when decrementing if that POC is available to still use. If a claim has already processed against that line item, it considers the line "used" since the units have already been decremented. The system should use dollars only when the POC is pay cap amount. A system correction was implemented on 2/2/2004. EDS created a mass adjustment and claims started to reprocess on 4/5/2004. Cleanup was completed on 4/14/2004.	
Provider Action	No action is needed.	

Blue highlighted items indicate the issue was closed and no longer occurs.

KMAP Provider Communication

Item Reference	CHHC 1.12	
Date Drafted	4/15/2004	
Date Revised	4/23/2004	
Groups Affected	CMHC	
Issue	Claims related to "pay unit fee" prior authorization (PA) were being denied for "PA not found."	Resolved: 2/2/2004
Impact	Claims were being underpaid.	
Resolution	When the PA (i.e. Plan of Care) is a "pay unit fee price," the system expects the exact unit dollar amount being billed on the incoming claim. For example, if 10 units were approved at $2 each, and the provider billed 10 units and a total billed amount of $30, the claim would be denied indicating no PA on file. The system was corrected to allow for the billed amount to be different than what appears on the PA. EDS created a mass adjustment and claims started to reprocess on 4/5/2004. Cleanup was completed on 4/14/2004.	
Provider Action	No action is needed.	

Item Reference	CHHC 1.13	
Date Drafted	4/15/2004	
Date Revised	4/23/2004	
Groups Affected	CMHC	
Issue	Claims were being suspended or denied as duplicates when the UD modifier was billed.	Resolved: 2/18/2004
Impact	If claims were submitted via any format except the Internet, claims were being suspended for review, causing a delay in payment. If claims were submitted via the Internet, they were being denied for duplicate denial. This occurred when a UD modifier was on the claim and the previous claims paid even if it was a different date of service.	
Resolution	The UD modifier was not being recognized as a unique modifier on different dates of service. This was corrected to allow claims to process without being suspended or denied unless it was an exact duplicate for the same date of service. The system was corrected on 2/18/2004. EDS reprocessed claims that were denied in error as duplicates on 4/22/2004.	
Provider Action	No action is needed.	

Blue highlighted items indicate the issue was closed and no longer occurs.

KMAP Provider Communication

Item Reference	CHHC 1.14	
Date Drafted	4/15/2004	
Date Revised	8/6/2004	
Groups Affected	CMHC	
Issue	Claims were being denied for invalid diagnosis code for dates of service.	Resolved: 3/9/2004
Impact	Claims were being denied incorrectly.	
Resolution	Providers reported that they submitted claims with the new diagnosis code (78099) and it was denied for a January 2004 date of service. Another provider reported that 2003 claims were being denied for an invalid diagnosis code (Y45) when billed after 1/1/2004. EDS identified that the wrong beginning and ending effective dates were on the new diagnosis codes. The codes were updated with correct dates. (CO 6671) EDS automatically reprocessed the claims that were denied in error with invalid diagnosis codes on 7/15/2004.	
Provider Action	No action is needed.	

Item Reference	CHHC 1.16	
Date Drafted	4/15/2004	
Date Revised	7/9/2004	
Groups Affected	CMHC	
Issue	Claims for CPT code 90862 were being denied as “procedure code is noncovered for this provider type and specialty.”(EOB 342).	Resolved: 5/4/2004
Impact	Claims were being denied incorrectly.	
Resolution	Claims that were being denied for CPT code 90862 for this provider type and specialty were resolved as of 5/4/2004. EDS identified claims denied in error on 7/7/2004 and resubmitted them for reconsideration of payment. (CO 5646)	
Provider Action	No action is needed.	

Blue highlighted items indicate the issue was closed and no longer occurs.

KMAP Provider Communication

Item Reference	CHHC 1.17	System Corrected: 5/14/2004
Date Drafted	4/15/2004	
Date Revised	8/27/2004	Cleanup: 8/23/2004
Groups Affected	CMHC	
Issue	Claims for CTP code Y9117 with dates of service prior to 1/1/2004 are being denied as "benefit maximum for this time period has been reached." (EOB 262).	
Impact	Claims are being denied incorrectly for beneficiaries not in the MediKan benefit plan.	
Resolution	Audit 6069 (Allow 320 Units of Targeted Case Management Per Calendar Year) was modified on 5/14/2004 to only apply to MediKan beneficiaries. EDS identified and reprocessed claims that were denied in error. (CO 6976) EDS completed reprocessing claims on 8/23/2004.	
Provider Action	No action is needed.	

Item Reference	CHHC 1.18	
Date Drafted	4/15/2004	
Date Revised	4/30/2004	
Groups Affected	CMHC	
Issue	Claims were being denied for timely filing even though the original converted ICN is indicated on the claim.	Resolved: 3/2004
Impact	Claims were being underpaid.	
Resolution	A system change was implemented to allow providers to bill using a timely filing ICN. The beneficiary ID, provider number, and date of service on the timely filing ICN must match the claim submitted or the system will not bypass the timely filing requirement.	
Provider Action	No action is needed.	

Blue highlighted items indicate the issue was closed and no longer occurs.

Issue	Claims were being denied with Y19 diagnosis code.	Resolved: 5/18/2004
Impact	Claims were being denied incorrectly.	
Resolution	Claims with diagnosis code Y19 were denied incorrectly as noncovered after 2/19/2004. This code was still covered for dates of service prior to 1/1/04 and should have been paid. The end date on the code was updated to allow claims to pay with dates of service prior to 1/1/04. This correction was made on 5/18/04. EDS identified the claims denied in error on 7/2/2004 and resubmitted them for reconsideration of payment. (CO 6588)	
Provider Action	No action is needed.	

Item Reference	CHHC 1.27	
Date Drafted	6/28/2004	
Date Revised	8/6/2004	
Groups Affected	HCBS	
Issue	Claims were being denied when a single claim bypassed 120 units for targeted case management.	Resolved: 6/10/2004
Impact	Providers were not being paid.	
Resolution	Claims were being denied for exception 6051: allow 120 hours of targeted case management per calendar year. The claim should cut back to the units remaining to be allowed rather than be denied. This applies to claims with procedure code W1300. This issue was resolved on 6/10/04. EDS reprocessed the claims on 7/16/2004. (CO 6766)	
Provider Action	No action is needed.

Provider Community: Rural Health Clinics & Federally Qualified Health Clinics

Item Reference	RHC 1.0	
Date Drafted	2/29/2004	
Date Revised	7/29/2004	
Groups Affected	Rural Health Clinics & FQHCs	
Issue	RHC/FQHC providers were paid Case Management fees for some of their beneficiaries during the February Cap adjustment run. These providers were not to be paid the $2 administration payment beginning in November 2004.	Resolved: 3/17/2004
Impact	Providers were paid in error; the money needed to be recovered.	
Resolution	A letter was mailed to inform the providers of this resolution. (CO# 5784) It was hoped that this could be accomplished through the cost settlement process and not require account receivables or recoupments. SRS determined these claims could not be recovered through the cost settlement process because of the timing involved in that process. The cleanup occurred starting 7/22/2004 and was completed 7/30/2004.	
Provider Action	No action is needed.	

Item Reference	RHC 1.1	
Date Drafted	4/12/2004	
Date Revised	9/8/2004	System Corrected: 3/1/2004
Groups Affected	RHC	
Issue	Rural Health Clinics (RHCs) have reported that Medicaid is being paid as the secondary insurance on a Medicare-related claim. The amount paid by Medicaid was more than the Medicare co-insurance.	Cleanup: 8/30/2004
Impact	Claims are being overpaid.	
Resolution	This issue was resolved on 3/1/2004. EDS completed submitting adjustments for this issue on 8/30/2004. (CO 5720)	
Provider Action	No action is needed.	

Blue highlighted items indicate the issue was closed and no longer occurs.

Groups Affected	RHC/FQHC
Issue	Lab related claims for RHC were being paying fee-for-service (FFS) rates.
Impact	Overpayments occurring as lab-related claims should not be paid at all. Only face-to-face claims should be paid an encounter rate.
Resolution	A partial system correction for this issue was identified and implemented on 4/16/2004. A solution was identified to resolve the incorrect pricing of claims when an invalid performing provider number is submitted. (CO 6202)
Provider Action	No action is needed.

Blue highlighted items indicate the issue was closed and no longer occurs.

Item Reference	RHC 1.4	
Date Drafted	4/9/2004	
Date Revised	5/28/2004	
Groups Affected	RHC/FQHC	
Issue	Starting on the 3/25/04 remittance advice, RHC and FQHC claims were not being paid at the encounter rate (per diem allowable). All services were processing at the nonencounter rate.	Resolved: 4/16/2004
Impact	Claims were being underpaid significantly. For example, office visit procedure code 99213 paid $18.03 instead of $65.95.	
Resolution	A partial system correction for this issue was identified and implemented on 4/16/2004. A solution was identified to resolve the incorrect pricing of claims when an invalid performing provider number is submitted. (CO 5665)	
Provider Action	No action is needed.	

Item Reference	RHC 1.5	
Date Drafted	6/3/2004	
Date Revised	7/21/2004	
Groups Affected	RHC	
Issue	A $3 instead of $2 co-pay amount was being deducted from claims.	Resolved: 6/24/2004
Impact	Providers were being underpaid.	
Resolution	EDS identified the issue that caused the incorrect co-pay to be deducted. The system was updated on 6/24/2004 to reflect the accurate co-pay amount of $2 for Rural Health Clinic providers. EDS reprocessed the claims on 7/20/2004. (CO 6718)

Provider Community: Hospice

Item Reference	HSPC 1.0	
Date Drafted	2/29/2004	
Date Revised	4/30/2004	
Groups Affected	Hospice	
Issue	There was a high volume of claims in suspense to be manually priced.	Resolved 1/30/2004
Impact	As of 1/14/2004, 556 claims were in suspense to be manually priced. This created a slow-down in the turnaround time providers can get their claims paid.	
Resolution	A temporary workaround solution was implemented to suspend claims to one specific location so that dedicated staff could focus on pricing these claims. A meeting was held with hospice providers on 1/14/2004 to identify methods to automate pricing process as a permanent system change. The system change is in progress as of 1/30/2004. (CO 5595)

Issue	Claims that post edit 570 will no longer be denied automatically when billed on the Internet or on paper. These claims will suspend for review of the patient status code on the "from" and "to" dates and be processed accordingly. The same day admit/discharge inpatient claim should not be denied with edit 570.	
Impact	Hospital claims are automatically being denied by error code 570 for "total days billed less than covered days." These claims should suspend for review of the patient status code and the "from" and "to" dates. When the system was corrected for this issue, 90% of the inpatient claims started to suspend for another system issue. The claims could not be released from the system until the system was corrected; otherwise, they would be denied. This issue was corrected on Friday, 4/16/04 but was not in time for the financial cycle. Provider's remittance advices for inpatient claims reflected denials for the week; however, very few paid claims appeared. Those paid claims were on the 4/29/04 remittance advices as they were confirmed to be in a paid status for this issue on 4/19/04.	Resolved: 4/19/04
Resolution	The cause of the incorrect denials was identified and corrected on 4/16/2004. Reprocessing of suspended claims occurred on 4/16/2004. EDS resubmitted the denied claims on 4/29/2004. (CO 5648)

Issue	Inpatient psychiatric claims were being denied for "no prior authorization (PA) on file."	Resolved: 5/7/2004
Impact	Claims were being denied in error.	
Resolution	The system was expecting the date of service on the claim to be completely within the approved dates on the PA. Psychiatric claims only require the "admit date" to be within the approved dates on the PA. Claims will now suspend for manual review and appropriate approval. (Task 6384) All psychiatric claims with erroneous denials for "no PA on file" were reprocessed for reconsideration of payment on 5/7/2004.

Issue	SOBRA claims with pregnancy diagnosis codes or correct authorization from the SRS local office are being denied.	
Impact	Claims are being denied incorrectly.	
Resolution	EDS has identified the following causes for this denial. 1. Pregnancy diagnosis code V270 was not loaded for automatic approval as a SOBRA claim. This diagnosis code was added to the pregnancy diagnosis code grouping on 4/16/2004. 2. The coverage criteria for SOBRA excluded all diagnosis codes from payable except for the pregnancy diagnosis grouping. The coverage for SOBRA is being changed to allow most diagnosis codes for SOBRA to suspend for manual review. This was completed as of 6/29/2004. 3. Exception code 4244, diagnosis is not covered for benefit plan, edits for all acceptable diagnosis codes for the SOBRA approval and pregnancy grouping. This should occur only with TB claims. The SOBRA claims should be denied only if the primary and secondary (Other 1 on UB 92) claim form is not part of the approved SOBRA coverage by the local SRS office. This issue was resolved. Claims will be reprocessed, and EDS will notify providers when completed. EDS reprocessed the claims on 8/26/2004 to suspend for manual review. Claims started appearing as processed on the 9/2/2004 RA.	System Corrected: 6/29/2004 Cleanup: 8/26/2004

Issue	Inpatient claims were being denied for no “to date of service” on the detail level.	Resolved: 4/15/04
Impact	Claims were being underpaid.	
Resolution	Exception 240, which requires a "To Date of Service," was being denied in error. Inpatient claims do not require a "To Date of Service." This issue occurred from approximately April 7-15 and was corrected on April 15. EDS resubmitted the denied claims on 4/29/2004. (TO 6388)	
Provider Action	No action is needed.	

Item Reference	HSPT 1.33	
Date Drafted	5/4/2004	
Date Revised	5/4/2004	
Groups Affected	Hospital	
Issue	Outpatient claims were being denied for no procedure code for drugs and pharmaceuticals.	
Impact	Providers perceived that they were being underpaid.	
Resolution	All outpatient details historically and in the new system have always required a procedure, HCPCS, or CPT on every detail line to process and pay correctly. For drug and pharmaceutical claims, hospitals are billing revenue codes only, as if billing inpatient claims. This is not a policy change. The only way to price a claim for outpatient is to know the specific “J” code and in most cases, NDC and drug name on the claim. Without the drug that was provided for outpatient service, KMAP cannot determine the price to reimburse the hospital.	Resolved: 4/30/2004
Provider Action	Providers need to evaluate their billing system to ensure that the “J” code is included on the claims for drugs and pharmaceuticals for outpatient claims. In addition, if the “J” code is non-classified or can cover multiple dosages, the NDC must be included in the remarks section of the HCFA 1500 or comment section of the 837 transaction. If providers have previously paid claims involving other insurance, do not resubmit as new claims to process the remaining lines. Please submit adjustment requests so the claim can process as a whole against other insurance paid amount.

Date Drafted	4/7/2004	
Date Revised	7/16/2004	
Groups Affected	Pharmacy	
Issue	Pharmacies using QS1 software were billing incorrectly on dual-insurance beneficiaries.	
Impact	In researching this issue, EDS found that when billing for beneficiaries with dual insurance, pharmacies using QS1 could possibly be underpaid $1.50 to $3 per claim. Pharmacies will need to adjust these claims.	Resolved: 6/16/2004
Resolution	QS1 updated their software on June 11, 2004, and the issue of billing for beneficiaries with dual insurance through QS1 should be resolved. QS1 pharmacy users need to download the newest version of QS1. The EDI team is working with QS1 to inform pharmacy users. EDS tested this change June 21-28 to ensure the pharmacies that are billing QS1's new version are being paid correctly. Test results showed that QS1 software is working correctly when providers bill for beneficiaries with dual insurance. A global message was posted by July 2, 2004.	
Provider Action	Pharmacies will need to adjust these claims.

Issue	DME claims crossing over from Medicare for diabetic testing supplies were being denied.	Resolved: 5/12/2004
Impact	Claims were being denied, and providers were not being paid.	
Resolution	Medicare requires that the DME supplier bill the range of dates for diabetic supplies. This range includes future dates. For instance, if the DME supplier is billing on 5/1/04, they bill 5/1/04 to 5/31/04. These claims were being denied correctly in KMAP as KMAP does not allow future billing dates. Claims with future dates must be billed on paper with the remittance advice.	
Provider Action	If denials received for future dates are invalid, the provider must bill the claim on paper and attach the Medicare remittance advice.

KMAP Provider Communication

Provider Community: Electronic Submitters

Item Reference	EDI 1.0	
Date Drafted	2/29/2004	
Date Revised	9/14/2004	
Groups Affected	Electronic Submitters	
Issue	Providers were not pleased with the EDS/SRS implementation of the HIPAA 835 transaction. The 837 P, 270, and 271 translation maps are not accurate to HIPAA guidelines.	
Impact	Providers requested changes to the 835 transaction before they begin using the electronic transaction. Until then, providers using electronic RAs may have to post RAs manually. Currently, the translation map outputs the value received in CLMO5-3 to both the cde_place_of_service and cde_pos, and ignores the value received in SV105. The map should only output the value received in CLM05-3 to the cde_pos if SV105 is not submitted. EDS is resolving this issue and will notify providers when complete. EDS resolved this issue on 9/13/2004. (CO 7074) If a name with more than 50 characters is received, per HIPAA, only 35 characters should be allowed with the remaining characters being truncated. Otherwise, the provider never receives a response. EDS is resolving this issue and will notify providers when complete. (CO 5789, 5793, 6429, & 7122) COs 5789, 5793, & 6429 were cancelled and will be covered by CO 7122. CO 7122 was moved to production on 9/13/2004.	System Corrected: 9/13/2004
Resolution	An ongoing focus group of affected providers has yielded approximately 32 recommendations to EDS/SRS. This effort is continuing based on feedback from providers.	
Provider Action	No action is needed.	

Blue highlighted items indicate the issue was closed and no longer occurs.

Issue	Providers reported that when requesting eligibility information, they intermittently received information on a beneficiary other than the one they originally requested.	Resolved 3/3/2004
Impact	If the provider did not notice that the response was for someone other than requested, they may have provided services for someone who was not eligible or informed a beneficiary who was eligible that they were not eligible.	
Resolution	This issue was resolved.	
Provider Action	No action is needed.	

Item Reference	GENP 1.11	System Corrected: 3/26/2004
Date Drafted	2/29/2004	
Date Revised	8/27/2004	Cleanup: 8/20/2004
Groups Affected	All	
Issue	HealthConnect Kansas-related claims are not processing as intended. ER claims, lab and radiology providers, and ambulance, to name a few, are being reviewed to ensure they are being paid appropriately.	
Impact	Claims are being denied when they should be paid for some providers.	
Resolution	EDS reviewed and modified exception code 1050 (HealthConnect Kansas referral) to ensure that the policy for HealthConnect Kansas referrals is being applied correctly. CO 5324 was implemented on 3/26/04. CO 5270 was implemented on 3/4/04. CO 5270 set claims to suspend for manual intervention effective 3/8/04. Claims affected by CO 5270 and 5324 for HealthConnect referral were reprocessed, even though the diagnosis was emergent, and appeared on the 8/26/2004 remittance advice. All HealthConnect Kansas claims have been suspended so they can be worked manually to try to decrease the number of claims processed incorrectly. EDS completed reprocessing of claims on 8/20/2004.	
Provider Action	No action is needed.	

Blue highlighted items indicate the issue was closed and no longer occurs.

Issue	Title XXI carve-outs are not paying appropriately. They are processing under the guidelines for Title XIX carve-outs.	Policy Update: 8/17/2004
Impact	Some providers cannot be paid and others are being paid for services that should be denied and billed to the managed care organization.	
Resolution	Exception 2017 will be modified to accurately reflect the carve-outs for Title XXI beneficiaries, and claims will be reprocessed. (Tied to policy E2004-005, CO 6014, 6015, 6016). CO 6014 was implemented on 8/17/2004. This exempted copay for Title XXI beneficiaries. COs 6015 and 6016 were implemented on 7/8/2004. This allowed Title XXI beneficiaries for drug coverage to process correctly.	
Provider Action	No action is needed.	

Item Reference	GENP 1.16	
Date Drafted	4/12/2004	
Date Revised	6/25/2004	
Groups Affected	All	
Issue	KMAP Web site does not display secondary insurance information.	Resolved: 6/23/2004
Impact	Without calling EDS, providers cannot determine the secondary insurer on file. The KMAP Web site states there is no TPL involvement when the MMIS does have TPL on file.	
Resolution	This issue only occurs randomly, and the core issue has not been determined. Research of examples provided indicate that while the beneficiary had TPL on file, the dates entered in the search were for months that the beneficiary was ineligible for KMAP. No eligibility or TPL will be returned on the Internet when this occurs. (CO 6786)	
Provider Action	If provider receives a TPL denial and no TPL is on the web site, please contact beneficiary to get secondary insurance information.	

Blue highlighted items indicate the issue was closed and no longer occurs.

KMAP Provider Communication

Item Reference	GENP 1.18	
Date Drafted	4/12/2004	
Date Revised	9/14/2004	
Groups Affected	All	
Issue	Various Internet updates are needed.	
Impact	This is an intermittent issue and occurs on a very small percentage of claims that providers try to adjust or void. Providers cannot get claims voided automatically or adjust claims through the Web site. They must submit a request to EDS to void or adjust the claim.	System Corrected: 7/16/2004
Resolution	When voiding a claim on the Internet, providers receive a message that the void transaction failed. When adjusting a claim on the Internet, providers receive a message that the adjustment cannot be done and to contact the Help desk. Between 11/16/2003 and 7/30/2004, providers may have filed claims without a corresponding diagnosis pointer on the detail line. Claims that were identified as paid during this time frame without the diagnosis pointer were appropriately recouped on the 8/19/2004 remittance advice. To assist the provider community, EDS is reviewing affected claims and will resubmit any claims that did not contain a diagnosis pointer on the detail line with a default value of one. These claims are scheduled to appear on the 8/26/2004 remittance advice. If providers filed claims with invalid values (other than 1, 2, 3, or 4), we cannot correct the claims on behalf of the provider. In these cases, providers will need to correct and resubmit the claims. (CO 6575 & 6711)	Cleanup: 8/30/2004
Provider Action	Providers must enter diagnosis cross-reference on detail when using Internet submission.	

Blue highlighted items indicate the issue was closed and no longer occurs.

KMAP Provider Communication

Item Reference	GENP 1.19	
Date Drafted	4/12/2004	
Date Revised	7/9/2004	
Groups Affected	All	
Issue	Claims with the same procedure code but a different modifier were being denied against each other.	Resolved: 6/252004
Impact	Providers were being underpaid.	
Resolution	The modifiers identified were not on the list to bypass duplicate auditing. The claims were processing according to policy. Research has been completed. The claims processed correctly. Per policy these modifiers are ignored during duplicate auditing.	
Provider Action	No action is needed.	

Item Reference	GENP 1.20	
Date Drafted	4/15/2004	
Date Revised	9/10/2004	
Groups Affected	All	
Issue	Spenddown processing is confusing or inaccurate. This is occurring due to beneficiary files not updating correctly as well. This problem affects Community Mental Health Centers (CMHCs), it appears, more than other providers as many of their beneficiaries have spenddown amounts and rely on CMHC services.	Enhancement Completed: 6/17/2004 Cleanup: 9/3/2004
Impact	Claims are not applying toward spenddown amount or providers do not understand the processing or messages, such as "TPL/spenddown amount cannot be more than allowed amount."	
Resolution	EDS redesigned the system and corrected spenddown reporting. EDS researched procedure codes that CMS lists as never allowed for an individual's spenddown. If the beneficiary had qualified Medicare beneficiary (QMB) eligibility and it is covered by Medicare, many claims that should have counted toward spenddown did not. EDS reviewed the CMS tape that indicates Medicare coverage. Results were reviewed with SRS and file updates were made as approved by SRS. The reference file was updated on 5/11/2004. EDS will identify and reprocess the claims and notify providers when completed. (COs 5421, 6465, 6627, and 6628) EDS completed reprocessing the claims on 9/3/2004.	
Provider Action	No action is needed.	

Blue highlighted items indicate the issue was closed and no longer occurs.

KMAP Provider Communication

Item Reference	GENP 1.21	
Date Drafted	4/15/2004	
Date Revised	7/21/2004	
Groups Affected	All	Resolved: 6/4/2004
Issue	Claims initially were processed as Medicare and should have been TPL (and vice versa) could not be adjusted due to the system not allowing a change in claim type.	
Impact	Underpayments and/or overpayments occurred depending on the specifics of each claim.	
Resolution	System issue was resolved on 6/4/2004. EDS reprocessed the adjustments in mid-July. (CO 5168)	
Provider Action	Provider can void original claim on the Internet and resubmit new claim for processing as an interim solution.	

Item Reference	GENP 1.22
Date Drafted	4/15/2004
Date Revised	8/6/2004
Groups Affected	All
Issue	Reprocessing and mass adjustments were occurring and incorrectly resulted in recoupments.
Impact	Cash flow problems occurred for providers already impacted by system issues.
Resolution	This issue impacts rate changes, reprocessing to fix PCA codes, adjustments to increase payment on HCBS claims, and spenddown adjustments. These adjustments (which caused recoupments) impacted providers with existing cash flow issues. SRS placed adjustments on hold/review to evaluate the impact. EDS implemented a system change to evaluate overrides for items processed prior to 10/16/2003. These overrides allow claims to process for fields now needed such as admit diagnosis on inpatient claims. (CO 6904) This item is also covered in GENP 1.51. Please refer to GENP 1.51 for future updates.
Provider Action	Overpayments, such as duplicate payments, will not be recouped automatically at this time. If the provider wants recoupments initiated to balance their books, please submit the request on an individual basis and the recoupment will be completed.

Blue highlighted items indicate the issue was closed and no longer occurs.

KMAP Provider Communication

Item Reference	GENP 1.29	
Date Drafted	4/27/2004	
Date Revised	6/4/2004	
Groups Affected	All	
Issue	Claims were disappearing that were submitted since 3/1/04.	
Impact	Effective 3/1/2004, old provider numbers cannot be submitted on claims sent to EDS. Providers will not see these claims on their remittance advice or through the Web site.	Resolved: 5/7/2004
Resolution	Claims with the old provider numbers are not cross referenced to the provider remittance advice or returned. The system denies the claims but keeps the record under the beneficiary ID and date of service billed. Providers will not see the claims on their remittance advice or through the Web site. No change is planned for electronic claims as providers are not sending accurate billing to be captured in the system by the new provider number. EDS has no paper document able to return.	
Provider Action	Submit claims with new provider numbers. If you believe that your claim was submitted with the new provider number, call customer service and inquire by beneficiary number and date of service to determine if the claim was received and number accurate in the system from what was submitted.	

Blue highlighted items indicate the issue was closed and no longer occurs.

KMAP Provider Communication

Item Reference	GENP 1.30	
Date Drafted	4/27/2004	
Date Revised	5/7/2004	
Groups Affected	Inpatient	
Issue	EDS was keying an extra line on claims, which caused claims to be denied.	Resolved: 5/3/2004
Impact	Providers were being underpaid.	
Resolution	For paper claims, the total line was being entered into the MMIS as a line item; therefore, the claim was denied because there was no date of service. This also doubled the total billed amount on the claim. The character recognition software was corrected.	
Provider Action	Providers need to call customer service to request a claim to be reprocessed or resubmit the claim. Due to the various denial messages that can be received, this issue is too large to narrow to the specific claims for EDS to reprocess.	

Item Reference	GENP 1.31	
Date Drafted	4/27/2004	
Date Revised	5/21/2004	
Groups Affected	Physician and Hospital	
Issue	For emergency room claims, either the professional claim or the facility claim was being paid and the other was being denied as a duplicate.	Resolved: 5/14/2004
Impact	Claims were not being paid.	
Resolution	Both claims should pay for professional component and facility. EDS is researching this issue. The examples that EDS received did not reflect duplicate denial. The denials were for invalid modifier.	
Provider Action	No action is needed.	

Blue highlighted items indicate the issue was closed and no longer occurs.

KMAP Provider Communication

Item Reference	GENP 1.32
Date Drafted	4/27/2004
Date Revised	7/28/2004
Groups Affected	All
Issue	For consultations, the Internet was not allowing the referring provider number to be submitted on the claim.
Impact	Providers were unable to process claims through the Internet. Providers wanted the use of a dummy provider number, which is not available at this time.
Resolution	The system only evaluates the claim to determine if the referring provider number on the claim is valid. It does not review for the PCP. If claims are being denied for this reason, examples need to be provided. For the dummy provider number, SRS is taking into consideration if one should be established for billing purposes.
Provider Action	Submit claims on the Internet with a valid provider number. Service location is not reviewed for consultations.

Date Revised	6/4/2004
Groups Affected	All
Issue	Electronic Medicare crossover claims were being denied with a statement that it must be billed to the primary insurance or that it requires an EOB.
Impact	Providers were being underpaid.
Resolution	Providers were submitting EOB/payment information with their claims; however, the EOB that was attached did not match the date of service, billed amount, or beneficiary name. The remittance advice message that KMAP uses is a HIPAA-compliant message. Due to the generic nature, the message did not state that the EOB needs to be reviewed for accuracy. In addition, claims submitted electronically with no third-party liability on file will receive this message.
Provider Action	When receiving the message that the provider must bill the primary insurance or that it requires an EOB, the provider should ensure that the EOB submitted with the paper claim matches the claim detail for billed amount, beneficiary name, and date of service. For denied electronic claims, review eligibility on the Web site for that date of service. If there is no third-party liability on the Web site, the claim needs to be submitted on paper for EDS to contact other insurer and update the files.

Resolved: 4/27/2004

Date Revised	5/4/2004	
Groups Affected	LTC and HCBS	
Issue	LTC and HCBS claims were being denied for invalid level of care.	Resolved: 3/26/2004
Impact	550 beneficiaries had level of care updated inadvertently when patient liability updates were made. This caused claims to be denied in error.	
Resolution	When the SRS worker sent a patient liability change for an HCBS beneficiary, the level of care effective date was inadvertently changed as well. If an effective date for level of care is in the system already, the system should not allow a change in effective date later than the existing date. The system was corrected to accept the earlier of the two dates as the correct level of care. (TO 6057)	
Provider Action	No action is needed.

Issue	The Web site did not allow providers to correct the name or date of birth for beneficiaries who have denied claims for this reason.	Resolved: 5/12/2004
Impact	The perception is that these claims must be billed through another mechanism such as PES, ASK, or paper.	
Resolution	Name and date of birth can be changed on the Internet. Remove the beneficiary ID from the field and tab through the field. You will receive the message, "Beneficiary ID not on file." Retype the beneficiary ID into the beneficiary ID field and tab through the field. The DOB and name will now automatically be updated to the correct information on file.	
Provider Action	No action is needed.	

Item Reference	GENP 1.47	
Date Drafted	5/12/2004	
Date Revised	5/12/2004	
Groups Affected	All	
Issue	Providers want to be able to bill on Friday and receive payment the following week but the Internet submission is sometimes unavailable.	Resolved 5/12/2004
Impact	Providers' cash flow for what they are accustomed to is impacted.	
Resolution	Claim processing is to be completed within 30 days of submission. Waiting until Friday, for expected payment on the following week, provides a very small window to get payment the following week. Every other Friday, system changes are released which may cause the Internet to function slower than normal. We highly encourage billing earlier in the week for you to potentially receive payment on claims the following week.	
Provider Action	Bill as early in the week as possible to allow system processing time as well as avoiding potential delays on Fridays during system releases.

KMAP Provider Communication

Item Reference	GENP 1.102	
Date Drafted	8/11/2004	
Date Revised	9/8/2004	
Groups Affected	All	
Issue	Claims are being denied or cutting back erroneously when single unit pricing indicators are present for procedures or disposition with full fail and paid status. This is causing claims to be denied in error.	System Corrected: 6/10/2004 Cleanup: 9/10/2004
Impact	Providers are being underpaid.	
Resolution	1. Claims that price with a single unit indicator were not cutting back allowed units correctly for the detail lines. The allowed amount was being reducing, but the billed units were not being reduced. This caused the final pricing to divide the allowed amount in half and pay the providers approximately half of what should be paid. EDS resolved this issue on 6/10/2004. (CO 6542 & 7175) Cleanup was completed on 8/13/2004. 2. Audits that were set up for full fail with a paid status were cutting back the claim. For example, one claim set audit 6053 with a paid status and cut back the claim to 1 unit. The claim did not pay at the correct amount. EDS resolved this issue on 6/4/2004. (CO 6532) Cleanup was completed on 9/10/2004. EDS identified the claims that had been underpaid and reprocessed them on 9/3/2004.	
Provider Action	No action is needed.
