

Request to apply for Medicaid Electronic Health Records (EHR) Incentive Programs

This request must be completed by an eligible professional (EP) enrolled with a Medicaid managed care organization (MCO) who **does not** have a Kansas Medical Assistance Program (KMAP) fee-for-service provider number. Once completed, the EP will receive a secure user name and password to access the KMAP secure website. The Electronic Health Records (EHR) application can then be completed in the Medical Assistance Provider Incentive Repository (MAPIR).

Complete the information below for application and possible payment of an EHR incentive payment. The information provided on this form needs to be identical to the information entered on the Centers for Medicare and Medicaid (CMS) Registration and Attestation (R&A) site. If you have not yet completed this process, it must be the same as the information submitted on this form.
